About Product

ReaLook Face Wash is an advanced skincare solution designed to deliver deep cleansing, long-lasting hydration, and effective acne control in one powerful formula. It is crafted with a blend of modern actives and natural extracts to provide complete skin care without compromising gentleness.

Powered by **Pentavitin®**, a plant-derived hydration complex, it helps retain moisture in the **skin for up to 72 hours**, preventing dryness and maintaining a soft, healthy look. At the same time, the **Acnebusters®** complex works to control excess oil, fight **acne-causing bacteria**, and **soothe irritation**—making it ideal for **acne-prone skin**.

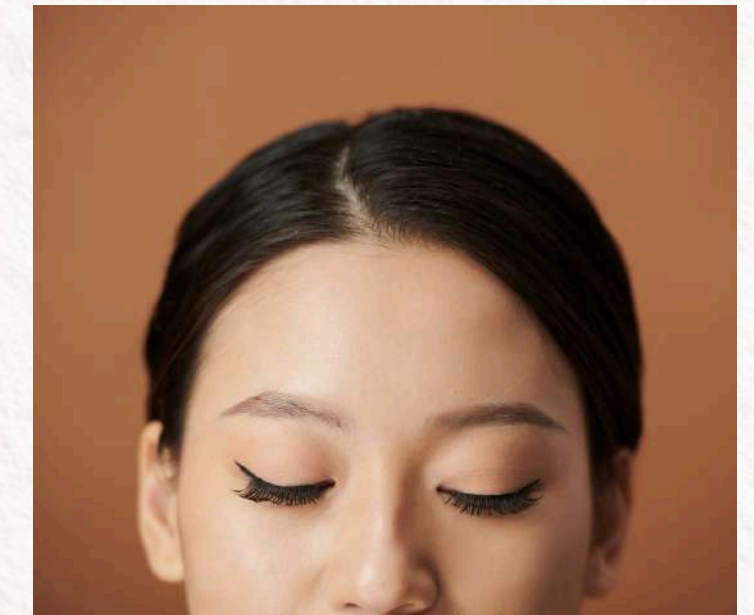

The **face wash** uses mild, skin-friendly cleansing agents that remove dirt, oil, and impurities without stripping away natural moisture. **Enriched with Aloe Vera, Neem, Witch Hazel, and Vitamin C**, it not only cleanses but also helps calm, protect, and brighten the skin.

Suitable for **men** and **women** of all skin types, **ReaLook Face Wash** is perfect for daily use to achieve **clean, clear, hydrated, and glowing skin**.
